

## Hawaii

### NCTAMS PAC

---

#### ***Facility and Location***

Naval Computer and Telecommunications Area Master Station Pacific (NCTAMS PAC) provides operational direction and management to all Pacific Naval Telecommunication System users. In addition to this function, NCTAMS PAC manages, operates, and maintains Defense Communication System and Naval Telecommunication System assets and offers a full range of automatic data processing and information resource services, maintenance and repair, and communication/electronic and Defense Message System coordination to the Navy and other DoD activities in the Pacific.

#### ***Media Sampled and Findings***

**Drinking Water** — In 2007, two of two samples detected perchlorate at 0.24 and 2.3 ppb. Prior to 2007, two of two samples detected perchlorate at 0.2 and 2.2 ppb.

#### ***Appropriate Actions***

Not Applicable. All samples were below the EPA and DoD Preliminary Remediation Goal of 15 ppb.
